

Cervical Smear Promotion

September was Cervical Screening Awareness Month, Silverstream Health Centre decided to run a promotion offering free smears for patients whose smear was due or overdue. Each patient that came in during September went in the draw to win a beautiful Gift basket donated to the centre from the team at Silverstream Pharmacy!

We had dedicated nurse time for these clinics throughout September and had an amazing turn out. There was a total of 159 cervical smear procedures carried out in the month of September!

We have drawn the winner of the Gift basket who was thrilled.

We would like to say a huge Thank you to Silverstream Pharmacy for their kind donation, to our awesome team at the centre and to our patients for keeping on top of their health.
