

## Manage My Health bookings back online

Manage My Health Online bookings will be switched back on as of Monday the 23<sup>rd</sup> of May. This means you can book phone and face to face appointments online.

Please note, a portion of the available appointments are phone consultation specific appointments which can ONLY be booked for phone consultations. These are identified with a green telephone symbol below the appointment time. We have GPs running telephone appointment clinic remotely. If you book one of these hoping for a face to face appointment, you will be asked to reschedule.

### **Screening questions**

Included on the online booking journey are some screening questions. You will be asked:

1. If you have travelled overseas or worked at any kind of transport port.
2. If you or any member of your household have been tested for Covid-19 and are still awaiting a result or have returned a positive result.
3. If you or anyone in your household has been a close contact of anyone who may have been exposed to Covid-19.
4. If you have any flu like symptoms.

These screening measures are designed to keep both our patients and staff safe. Please answer honestly.

For help on how to use Manage My Health, please see our user guides [here](#).
