Northland

Northland, the birthplace of New Zealand

Northland is known to be the first part of New Zealand that was discovered and walked on by early Māori settlers over a thousand years ago.

Because of this, you will find a strong presence of Māori language, stories, culture and traditions throughout the region. An absolute must visit is the Waitangi Treaty Grounds, the place where NZ's founding document The Treaty of Waitangi was signed.

Northland is home to many family friendly destinations, from stunning beaches to coastline walks overlooking the skyline, to an adventure park in the forest which provides a fun and challenging outing for the whole family. Don't miss the opportunity to see New Zealand's native Kiwi bird in its natural environment at Kiwi North – a truly special experience.

Home also to many top vineyards, you will never be far away from a picturesque vineyard to relax and take in outstanding views. Award winning Makana Chocolate Factory is also a must stop for chocolate lovers!

Not to miss is a visit to the many beaches situated in the Bay of Islands - a top NZ travel destination. You only have to visit on a hot summer's day to find out why! While you are visiting the Bay of Islands, you can also take a boat cruise, go fishing, parasail, kayak, view dolphins or go on a hike and look at the stunning views.

Highlights

Testimonial

Dr Daniel Unkel

“My family and I came to New Zealand as we recognized the people are very friendly and welcoming.

We love the beauty of the country, and it was time for us to start a little adventure.

We found all of this in Northland and after two years we really can say this is the best place in the country for us.

To start at The Doctors Tikipunga was a lucky pull because the kind of support, open hearts and minds of the team is simply awesome. I enjoy every day and have no plan to change that for the next years.”

Your local medical centres

In Northland we have 4 practices, 1 located in Kerikeri and 3 in Whangarei.

The Doctors Kerikeri is a rural general practice medical centre with an expert medical team providing quality, caring and professional family medicine. They also have a Saturday clinic and a pharmacy on site for their patients' ease.

The Doctors Tui, The Doctors Kamo and The Doctors Tikipunga – all located in Whangarei – are open

Monday-Friday and all have a welcoming and friendly feel. They are all dedicated to their patients' health and giving the best treatment possible. All centres are also just a 10min drive or less to the city centre, so you are never far away from the action!

New Zealand, an attractive career move

Doctors look to New Zealand for a change of pace, better employment options, temperate climate, and access to unspoilt landscapes. Living and working here offers a

truly healthy work-life-family balance. It's a great environment to bring up kids alongside career goals and progression.

Dr Hester Elbertsen

“ I moved to New Zealand in 2013 for a change of pace from The Netherlands. Shortly after moving I was recruited by Green Cross Health to work at The Doctors Kerikeri. I have found working here a thoroughly enjoyable experience as I am surrounded by a lovely yet hardworking team, in a beautiful, laid-back town. ”
